

Maps Available from the U.S. Geological Survey

All of the maps listed below are \$4 per sheet.

Some maps include multiple sheets.

A \$3.50 handling charge is applied per order mailed.

This list includes maps from other Federal agencies that are sold by the U.S. Geological Survey (USGS).

National Imagery and Mapping Agency (formerly Defense Mapping Agency) maps are shown on a separate price list.

Many of the maps listed below are part of a series. An index may be available for some of the map series.

Refer to your local phone book's yellow pages for commercial dealers that sell USGS maps and contact them directly for pricing and ordering information.

Maps can be purchased at many Earth Science Information Centers (ESIC's).

For more information or ordering assistance, call 1-800-USA-MAPS, 1-800-HELP-MAP, or write:

USGS Information Services
Box 25286
Denver, CO 80225

To order by fax, call 303-202-4693.

Map Name and Scale

Topographic, Image, and Related Maps

Standard Topographic Quadrangles (7.5 minute 1:24,000, 1:25,000, 1:20,000; 7.5 x 15 minute 1:25,000; 15 minute 1:50,000, 1:63,360)

County Maps (1:50,000 and 1:100,000)

1:100,000 Maps

1:250,000 Maps

Ecological Inventory Maps (1:250,000)

State Maps:

No contours, black only (1:1,000,000)

No contours, black and blue (1:500,000)

No contours, multicolor, planimetric (1:500,000)

Topographic or shaded relief (1:500,000)

Alaska State Maps:

Base (1:1,584,000)

Topographic (1:1,584,000)

Base (1:2,500,000)

Topographic (1:2,500,000)

Shaded relief (1:2,500,000)

Alaska Boundary Series Maps (1:250,000)

Alaska Federal Conservation Map (1:5,000,000)

National Park Maps

Satellite Image Maps

Antarctic Maps

National Atlas Sectional Maps

U.S. Base Maps:

2-A (1:2,500,000), 5 colors (including buff and land tint), State and county boundaries, 2 sheets

2-B (1:2,500,000), same as 2-A except 4 colors and no land tint, 2 sheets

3-A (1:3,168,000), 3 colors, State boundaries, National parks and forests

3-B (1:3,168,000), same as 3-A except 7 colors and historical boundaries and public land surveys

6-A (1:6,000,000), 4 colors, State boundaries, National parks, roads and railroads, Alaska and Hawaii shown in correct geographical location

7-A (1:7,000,000), 2 colors, State boundaries, 48 States only

8-A (1:8,300,000), 6 colors, State boundaries, routes of U.S. explorers

10-A (1:10,000,000), same as 6-A

11-A (1:11,875,000), 2 colors, State boundaries, conterminous 48 States only

16-A (1:16,500,000), same as 11-A

Maps Available from the U.S. Geological Survey, continued

Map Name and Scale

Topographic, Image, and Related Maps, continued

Political Map of the World (1:35,000,000), 41" x 22"

The World (outline map):

(1:40,000,000), 48" x 33"

(1:80,000,000), 25" x 18"

World Seismicity Map (1:39,000,000), 48" x 36"

This Dynamic Planet - World Map of Volcanoes, Earthquakes, and Plate Tectonics (1:30,000,000), 58" x 41"

U.S. Contour Map:

7-B (1:7,000,000), 3 colors, State boundaries, conterminous 48 States only, contours

U.S. Outline Maps:

5-B (1:5,000,000), 2 colors, State and county boundaries and names

5-D (1:5,000,000), 1 color, State boundaries and names

5-E (1:5,000,000), 1 color, State boundaries only

U.S. Physical Divisions Map:

7-C (1:7,000,000), 3 colors, State boundaries, conterminous 48 States only, physical divisions shown in red

North America Map:

10-B (1:10,000,000), 2 colors

U.S. Federal Aid Highway Map:

17 (1:3,168,000), same as 3-A (U.S. Base Map) except 7 colors and overprint of Interstate and Defense Highways and the Federal Aid Highway System

Maps of an Emerging Nation, The United States of America, 1775-1987:

Full color, reproduction of 1784 U. S. map on one side, 14 territorial growth maps on reverse side, 29" x 22"

Indian Land Areas Judicially Established (1:4,000,000)
